OCTOBER 2011

Vol. 120

## RESURRECTED FROM THE 'SHED'

Sylvester and Lillian Lewis have got their 1967 SS Chevelle back on the road! After years stored away, the Chevelle has been restored and in great condition, minus a dirt doober nest or two...just in time for Cruising the Coast.

Purchased new in 1968, the car was their daily driver when they married and started their family. There were times, through the years, we had all began to wonder if it was actually still there. Glad to see it again! Makes you wish you had hung on to some of the cars of your youth, does it not?
